# Well-Being is Multi-Dimensional

<b>Physical</b>	Healthy habits of nutrition and physical health
<b>Mental</b>	Emotional and psychological well-being
<b>Intellectual</b>	Meaningful and challenging work that leads toward job satisfaction
<b>Spiritual</b>	Congruent alignment between values, self-esteem, and morals
<b>Social</b>	Social structures such as family, friends, and community
<b>Financial</b>	Ability to meet current and future financial obligations in alignment with desired living standards

# Introduction of Peer Support Programs

- **Needs Assessment:**
  - Conduct a thorough assessment to understand employees' challenges and stressors.
- **Training for Peer Supporters:**
  - Provide comprehensive training for selected peer supporters, covering active listening and crisis intervention.
- **Clear Program Structure:**
  - Establish a clear program structure, defining roles, responsibilities, and confidentiality.
- **Promotion and Awareness:**
  - Actively promote the program through various channels to raise awareness among employees.
- **Continuous Evaluation and Improvement:**
  - Continuously evaluate and improve the program based on feedback and evolving needs
